

### **reconstructing marxian economics marx pdf**

Family economics applies basic economic concepts such as production, division of labor, distribution, and decision making to the study of the family. Using economic analysis it tries to explain outcomes unique to family—such as marriage, the decision to have children, fertility, polygamy, time devoted to domestic production, and dowry payments.

Both Auguste Comte and Karl Marx (1818–1883) set out to develop scientifically justified systems in the wake of European industrialization and secularization, informed by various key movements in the philosophies of history and science. Marx rejected Comtean positivism but in attempting to develop a science of society nevertheless came to be recognized as a founder of sociology as the word ...
