roughing in house drains pdf

To obtain a plumbing permit, the homeowner must present a plumbing diagram for the proposed installation with the following details: a) the diagram must have a view from the side; b) be drawn as single line; c) show the drain and vent pipe sizes; d) show the location of each fixture. An example of a typical plumbing diagram is shown in FIGURE 1.

Plumbing Installations - CountryPlans.com

The water main enters the house under the unfinished basement slab. The water heater is located near the main water line in the basement. The first floor has a living room, dining room, kitchen, family room, and a powder room. The second floor has four bedrooms, two full baths, and the clothes washer.
