NHTSA offers six training videos for school bus drivers and school bus monitors to learn how to properly install, and place a child in, three types of a child safety restraint systems (rear-facing, forward-facing, and safety vest).

### **Child Safety Restraint Systems (CSRS) on School Buses**

A school is an institution designed to provide learning spaces and learning environments for the teaching of students (or "pupils") under the direction of teachers. Most countries have systems of formal education, which is commonly compulsory. [citation needed] In these systems, students progress through a series of schools. The names for these schools vary by country (discussed in the Regional ...
