Attacking maneuvers are offensive moves in professional wrestling, used to set up an opponent for a submission hold or for a throw. There are a wide variety of attacking moves in pro wrestling, and many are known by several different names. Professional wrestlers frequently give their finishers new names. Occasionally, these names become popular and are used regardless of the wrestler ...

This devotional is not being written primarily as an exegesis of 1Chronicles 13 and 15. It is written also to bring to light the root problems of what I will call The Uzzah Syndromethat is becoming more and more prominent in the church today. A syndrome is defined as: a group of signs and symptoms that occur together and characterize a particular abnormality or condition
