Introduction to Social Network Methods - Analytic Tech

Social work is an academic discipline and profession that concerns itself with individuals, families, groups and communities in an effort to enhance social functioning and overall well-being. Social functioning refers to the way in which people perform their social roles, and the structural institutions that are provided to sustain them. Social work applies social sciences, such as sociology ...

Medical social work is a sub-discipline of social work, also known as hospital social work. Medical social workers typically work in a hospital, outpatient clinic, community health agency, skilled nursing facility, long-term care facility or hospice. They work with patients and their families in need of psychosocial help.
